PROFILE INFO

I'm a very optimistic person with a pragmatic approach towards life and a "never give up" attitude. Punctuality, discipline and honesty are some of the virtues instilled in me. I always observe situations analytically and try to find creative ways of solving them.
My goal is to join an organization where i can utilize and enhance my skills as well as extract every single drop of that experience by contribution my bit.

WORK EXPERIENCE

Python/Django Internship   **15 apr 22 - 15 jul 22**
Numeric Infosystem Pvt. Ltd.

As a trainee, i got a good hold on language such as Python/Django. I've been completed my 3 months internship in which i was supposed to handle the frontend, backend as well as database of an "E-Pharmacy Website Replica like Netmeds.com.

Mern Stack Internship   **2 jan 22 - 2 apr 22**
Plus 91 Labs

I've been completed my 3 months internship in which i was aligned to a project "House Booking System" named as "Airbnb.co.in" using ReactJs/NodeJs. In this project, i completed vendor part and user interface.

Personal Projects   **15 sep 2022 - Present**
Using ReactJS/NodeJS/Python/Django

My personal projects includes an E-commerce website like "Beyoung.in" in which i tried to handle those techniques in which i was struggling in my internship like payment gateway, tracking or mail sending.
